Paper 3 Structured Questions

**October/November 2016**

**3 hours**

No Additional Materials are required.

---

**READ THESE INSTRUCTIONS FIRST**

An answer booklet is provided inside this question paper. You should follow the instructions on the front cover of the answer booklet. If you need additional answer paper ask the invigilator for a continuation booklet.

Answer **all** questions.

All accounting statements are to be presented in good style.

International accounting terms and formats should be used as appropriate.

Workings should be shown.

You may use a calculator.

The number of marks is given in brackets [ ] at the end of each question or part question.

---

This document consists of **10** printed pages, **2** blank pages and **1** insert.

### Section A: Financial Accounting

- 1 Sunshine Social Club runs a gift shop. Goods are sold only to members at a discount. Selected balances relating to the gift shop at 31 December are as follows:

|  | 2015   | 2014   |
|--|--------|--------|
|  | \$     | \$     |
| Net book value of shop equipment         | ?      | 55 000 |
| Shop inventory                           | 18 600 | 24 000 |
| Shop trade payables                      | 64 300 | 54 500 |
| Insurance prepaid                        | 1 660  | 1 400  |
| Shopkeeper wages prepaid                 | 3 200  | –      |
| Accrued expenses – water and electricity | 2 000  | 2 700  |
| – shopkeeper wages                       | –      | 3 450  |

Summarised receipts and payments account of the club for the year ended 31 December 2015 is as follows:

|                               | \$             |   | \$             |
|-------------------------------|----------------|---|----------------|
| Balance b/d                   | 124 000        | Shop suppliers                            | 74 500         |
| Annual subscriptions          | 345 000        | Purchases of shop equipment               | 4 000          |
| Life membership subscriptions | 60 000         | Shopkeeper wages                          | 30 400         |
| Annual ball tickets           | 68 000         | Insurance                                 | 9 460          |
| Shop takings                  | 124 200        | Water and electricity                     | 14 800         |
|                               |                | Club administration                       | 361 400        |
|                               |                | Hire of ballroom and band for annual ball | 48 000         |
|                               |                | Food for annual ball                      | 36 000         |
|                               |                | Balance c/d                               | 142 640        |
|                               | <u>721 200</u> |   | <u>721 200</u> |

#### Additional information

- 1 Expenses are allocated to the shop as follows:

|                       |     |
|-----------------------|-----|
| Water and electricity | 40% |
| Insurance             | 25% |

- 2 Shop equipment is depreciated at 20% per annum using the reducing balance method. Equipment is depreciated in the year of purchase but **not** in the year of sale.

#### REQUIRED

- (a) State **three** differences between a donation and a member subscription received by a not-for-profit organisation. [3]
- (b) Prepare the club's shop trading account for the year ended 31 December 2015. [15]

**Additional information**

After reviewing the trading account of the gift shop, the chairman is not satisfied with the performance.

**REQUIRED**

- (c) Discuss **two** ways to improve the performance of the gift shop. [4]

**Additional information**

The chairman of the club undertook to cover 50% of the deficit arising from the 2015 annual ball. The demand for payment was issued to the chairman on 31 December 2015.

**REQUIRED**

- (d) Calculate the amount the chairman had to contribute to the club to cover the deficit. [3]

**[Total: 25]**

- 2 Alpha Limited is a manufacturing business making a single product. Each year it produces and sells 1000 units and the only inventory it keeps is that of raw materials.

It provides the following information for the year ended 30 April 2016:

|   | \$     |
|---|--------|
| Revenue                                     | 95 000 |
| Inventory of raw materials at 1 May 2015    | 1 000  |
| Inventory of raw materials at 30 April 2016 | 3 100  |
| Purchases of raw materials                  | 12 200 |
| Carriage inwards                            | 1 100  |
| Factory workers' wages                      | 17 500 |
| Factory supervisor's salary                 | 8 200  |
| Office salaries                             | 8 500  |
| Rent  | 8 000  |
| Factory overheads                           | 9 700  |
| General office expenses                     | 10 000 |

Additional information

- 1 Rent is allocated 75% to the factory and 25% to the offices.
- 2 Production is transferred to finished goods at cost plus 25%.

### REQUIRED

(a) Prepare, for the year ended 30 April 2016,

- (i) the manufacturing account [8]
- (ii) the income statement. [7]

### Additional information

Management has discovered that general office expenses are 50% fixed and 50% variable with the level of sales.

At the start of May 2016 management expected that in the next year the business would only be able to sell 900 units. There are no expected changes to the selling price or costs per unit. There were two options.

Option 1

To continue to produce 1000 units and have an inventory of finished goods at the next year end.

Option 2

To reduce production to 900 units and continue to have no inventory of finished goods.

### REQUIRED

- (b) Calculate the expected annual profit if option 1 is implemented. Start your calculation with your profit from (a) and adjust as appropriate. [5]

**Additional information**

The annual profit expected from option 2 was known to be \$15 100.

**REQUIRED**

(c) Advise the management which of the two options it should implement. Justify your answer. [5]

**[Total: 25]**

- 3 Husna had been a sole trader for many years and has decided to retire. Her statement of financial position at 30 June 2016 was as follows:

Statement of Financial Position at 30 June 2016

|                               |                |
|-------------------------------|----------------|
| Assets                        | \$             |
| Non-current assets            |                |
| Premises                      | 120 000        |
| Equipment                     | <u>14 600</u>  |
|                               | <u>134 600</u> |
| Current assets                |                |

| Current liabilities           |                |
| Bank                          | 2 000          |
| Trade payables                | <u>11 600</u>  |
|                               | <u>13 600</u>  |
| Total capital and liabilities | <u>181 300</u> |

On 30 June 2016 Husna sold her business to FLF Limited.

The statement of financial position of FLF Limited at 30 June 2016 **before** the sale was as follows:

Statement of Financial Position at 30 June 2016

|                                     |                  |
|-------------------------------------|------------------|
| Assets                              | \$               |
| Non-current assets                  |                  |
| Premises                            | 815 100          |
| Equipment                           | 190 900          |
| Vehicles                            | <u>81 500</u>    |
|                                     | <u>1 087 500</u> |
| Current assets                      |                  |
| Inventory                           | 103 600          |
| Trade and other receivables         | 99 400           |
| Cash and cash equivalents           | <u>7 100</u>     |
|                                     | <u>210 100</u>   |
| Total assets                        | <u>1 297 600</u> |
| Equity and liabilities              |                  |
| Equity                              |                  |
| 800 000 ordinary shares of \$1 each | 800 000          |
| Retained earnings                   | 322 500          |
| General reserve                     | <u>80 000</u>    |
| Total equity                        | <u>1 202 500</u> |
| Current liabilities                 |                  |
| Trade and other payables            | <u>95 100</u>    |
| Total equity and liabilities        | <u>1 297 600</u> |

For the sale of the business, Husna's premises were revalued at \$280 000 and trade receivables balances of \$1200 were written off.

FLF Limited took over all the assets and liabilities of Husna's business **except** the bank account.

The total purchase consideration was \$440 000. This was made up as follows:

|   |                |
|---|----------------|
| Cash                                    | \$70 000       |
| 8% debentures (2025)                    | \$120 000      |
| \$1 ordinary shares issued at a premium | 100 000 shares |

At the same time as the business purchase, the directors of FLF Limited decided to have their own premises revalued. The premises were revalued at \$1 000 000.

### REQUIRED

- (a) Prepare the statement of financial position of FLF Limited on 1 July 2016 immediately **after** the purchase of Husna's business. [16]

### Additional information

FLF Limited's dividend yield is 3%. A bank deposit account pays interest of 4%.

Husna's young nephew is disappointed with his aunt's decision to sell the business. He says that if she wanted to retire she could have appointed him to manage the business at an annual salary of \$20 000.

### REQUIRED

- (b) Assess whether Husna made the right decision in selling the business. Support your answer with calculations. [9]

**[Total: 25]**

- 4 The turnover of Soames Limited has been increasing and the directors have been advised that they must now produce audited accounts. They are therefore required to appoint an auditor to provide the company with an audit report.

**REQUIRED**

- (a) List **five** duties which the auditor would carry out during an audit. [5]

**Additional information**

The first audit report was qualified. Included in current assets was inventory valued at cost price of \$1 million. This had become damaged and now could only be sold for \$750 000 after repairs costing \$200 000.

**REQUIRED**

- (b) Explain what is meant by a qualified audit report. [2]

- (c) Explain, with reference to the relevant International Accounting Standard, the necessary adjustment that must be made to the financial statements. [8]

- (d) Analyse the importance to the shareholders of Soames Limited of the auditors providing a true and fair view of the company's accounts. [6]

**Additional information**

The audit report was signed by Aamir, the brother of the finance director of Soames Limited. Aamir was an unqualified auditor.

- (e) Evaluate the validity of this audit report. [4]

**[Total: 25]**

## Section B: Cost and Management Accounting

- 5 “The idea behind this method of costing is that it is the cause of a cost which is important and not whether it is fixed or variable.”

### REQUIRED

- (a) Identify the costing method described in the quotation. [1]

### Additional information

Haruka Limited produces a single product.

The factory is operational 5 days a week for 50 weeks a year. It produces one batch of 200 units each day.

Overheads amount to \$79 000 a year.

### REQUIRED

- (b) Calculate the overhead cost per unit to **two** decimal places. [2]

### Additional information

These overheads comprised:

|                                | \$     |
|--------------------------------|--------|
| Machine set-up costs           | 2 000  |
| Production quality inspections | 5 000  |
| Production stoppage costs      | 4 000  |
| Machine maintenance            | 8 000  |
| Machine running costs          | 60 000 |

The machines were set up at the start of each working day.

There was a quality inspection every week.

The machines were maintained each day.

Production was stopped on average once every 4 weeks for unexpected maintenance.

Samir, the finance director, asks Sara, the factory accountant, to analyse the overhead cost per unit across each of the five overheads incurred.

### REQUIRED

- (c) Prepare an analysis showing how the total overhead cost per unit (from part b) is split between each of the individual overheads. [12]

### Additional information

Sara has complained to Samir that producing this analysis is not worthwhile.

### REQUIRED

- (d) Advise Samir whether or not he should continue to ask for this analysis in the future years. Justify your answer by considering the benefits and drawbacks of this costing method. [10]

**[Total: 25]**

- 6 The directors of Slanting Stores Limited have prepared a cash budget.

**REQUIRED**

- (a) (i) State **one** difference between a cash budget and a statement of cash flows. [1]  
 (ii) State **two** benefits of preparing a cash budget. [2]

**Additional information**

Slanting Stores Limited makes all its sales on credit. Half of all credit customers pay in the month of sale, receiving a cash discount for early payment. The remainder pay in the following month. Purchases for resale are paid for in the month after purchase.

The cash budget for the three months ending 31 March 2017 is as follows:

Cash budget for the three months ending 31 March 2017

|                                 | January       | February       | March      |
|---------------------------------|---------------|----------------|------------|
|                                 | \$            | \$             | \$         |
| Opening balance                 | 17 800        | 17 300         | (1 600)    |
| Receipts – month of sale        | 28 500        | 26 125         | 30 875     |
| Receipts – month following sale | 40 000        | 30 000         | 27 500     |
| Payments to suppliers           | (44 000)      | (33 000)       | (35 750)   |
| Wages                           | (10 000)      | (10 125)       | (8 575)    |
| Other expenses                  | (15 000)      | (14 800)       | (12 200)   |
| Dividend paid                   | –             | (8 000)        | –          |
| Purchase of non-current asset   | –             | (9 100)        | –          |
| Closing balance                 | <u>17 300</u> | <u>(1 600)</u> | <u>250</u> |

**REQUIRED**

- (b) Calculate
- (i) the value of sales for **each** of the three months January to March 2017, [3]  
 (ii) the value of cash discount for **each** of the three months January to March 2017, [3]  
 (iii) the rate of cash discount given. [1]
- (c) Prepare the trade receivables budget for **each** of the three months January to March 2017. Trade receivables at 1 January 2017 are expected to be \$40 000. [8]

**Additional information**

The directors wish to eliminate the expected deficit in cash at the end of February. They are considering paying \$15 000 in January for an advertising campaign which is expected to increase sales from February onwards.

**REQUIRED**

- (d) Calculate the required increase in February's sales, after the advertising campaign, needed to avoid the negative cash balance. [5]  
 (e) Suggest **two** possible actions the directors could take, other than the advertising campaign, to improve the cash flow. [2]
